

Transportation Achievement Awards

The Transportation Achievement Awards may be awarded annually for excellence in the advancement of transportation to meet human needs, by entities concerned with transportation such as governmental agencies, legislative bodies, consulting firms, industry, and other organizations. Awards may be presented in the categories of:

- Complete Streets,
- Transportation Systems Management and Operations (TSMO),
- Safety,
- Planning, and
- Traffic Engineering.

This award recognizes an organization for one or more of the following:

1. Development of an innovative concept in Complete Streets, TSMO, Safety, Planning, and Traffic Engineering.
2. Implementation of a challenging transportation program through perseverance in its development and promotion.
3. Program or project having a significant effect on transportation.
4. Multi-faceted transportation program or project, combining many innovative and/or well-applied concepts.
5. Program or project promoting a major advance in the efficiency and/or economy of transportation.
6. Projects and initiatives that advance safety for all the traveling public, including pedestrians, cyclists, and users of alternate means of transport.
7. Innovative and effective application of elements such as roundabouts or speed humps.

AWARD

The winning organization(s) will be presented a plaque commemorating and citing the achievement to a representative(s) of the organization(s) at the Fall Meeting. A summary article about the achievement will be posted on the MOVITE website following presentation of the award.

The award winners (no more than one in each category) will be forwarded to ITE no later than April 1 to be considered for the ITE Transportation Achievement Awards.

ELIGIBILITY

Any government agency or entity, including tribes, transportation consulting firm, private business or corporation, a combined public/private institution, or academic institution within the MOVITE District area is eligible; however, any such organization must include at least one MOVITE member in good standing.

APPLICATION REQUIREMENTS

Nominations may be made by a member in good standing, except student members. An application shall consist of a completed application form plus a description of the achievement and how it meets the criteria of the award. The project description shall be a maximum of five (5) typewritten pages. Any supporting graphics or other material must be included in the five-page limit. Multiple categories may be selected when entering a submission; however, entrants may only be recognized in one category.

Cooperative efforts among multiple organizations will be recognized but shall be limited to no more than three organizations for a single award. All organizations included in the cooperative effort must be clearly listed on the application documents.

Institute of Transportation Engineers
Missouri Valley District

DEADLINE

All materials must be submitted in Adobe Acrobat format to the President no later than **March 1**.

SELECTION

The recipient(s) of the award(s), if any, shall be determined by **April 1**. The selection committee may choose no more than one recipient for an achievement in each of the five categories. The selection committee shall determine the category in which each application fits best.

No award will be made if in the judgment of the selection committee no application warrants the selection. Members of the review committee or organizations in which they are affiliated are not eligible for the award.

Judging Criteria

- 30 points Application of innovative ideas
- 30 points Exhibits a commitment to the advancement of the profession
- 30 points Strong applicability to the industry
- 10 points Well-balanced scope and format
