

Earl E. Newman

Distinguished Member Award

The Distinguished Member Award is an honorary designation presented to members of the District who have provided outstanding and significant contributions to MOVITE over a period of many years. The award is intended to be the District equivalent of ITE's "Honorary Member".

In 2023, the MOVITE Board of Direction named the award for Earl E. Newman, a past MOVITE President, an International Director for the former Midwestern District, and a President of ITE. Earl was bestowed Honorary Member status with ITE, joining a select group of legendary members.
